

Zopco Human Resource Policy

A prerequisite for dealing with people is respect and trust. There can be no room for intolerance, harassment or discrimination of any kind as they are the expression of an elementary lack of respect. This principle suffers no exception and is to be applied at all levels and under all circumstances.

Transparency and honesty in dealing with people are indispensable conditions for efficient communication. Based on facts and on a sincere dialogue, such transparency is the only solid basis for boosting continuous improvement.

To communicate is not only to inform. It is also to listen and to engage in dialogue. Every employee has the right to an open conversation with superiors or colleagues. In case of discord between an employee and her/his superior or another employee, the possibility will be offered for a fair hearing. The Management will provide assistance to ensure that the disharmony is dealt with impartially and that each party has the opportunity to explain her/his viewpoint regardless of hierarchical position.

Zopco firmly believes that successful management demonstrates:

- respect, trust and fairness
